How Fast Can You Start Making Profit?

Most new Fleek resellers start by flipping bundles with **2× to 3× resale value** — sometimes more.

Example:

Item	Buy Price	Typical Resale
Ralph Lauren Cable Knit Jumpers	£15	£35
Nike Track Pants	£7	£25

That's **nearly 3× your investment**, flipping simple, high-demand pieces.

Most first-time sellers start with a bundle of 20 items and aim to reinvest quickly.

Complete Beginners: Your First 30 Days Reselling

- ✔ List 15+ items across 2 platforms (Vinted, Depop)
- ✔ List up to 5 items daily (Vinted and Depoop's algorithm rewards consistency over batch uploads)
- ✔ Accept your first 5 offers to boost your profile visibility
- ✔ Optional: Use a free cross-lister tool to list faster e.g. SellerAider

🎯 **Goal: Flip first order within 30 days!**
